

ODP-0-604  
8 May 1980

MEMORANDUM FOR: Deputy Director for Administration

FROM: Bruce A. Johnson  
Director of Data Processing

SUBJECT: ODP Weekly Report for Week Ending  
7 May 1980

Support to the Community

4C (Community-wide Computer Assisted Compartmentation Control System). We met with representatives of IMS/DDO and Central Cover Staff to discuss their unique 4C requirements. Two alternatives were worked out, both of which would satisfy DDO, but with other advantages and disadvantages. Under both of these options, there seems to be no problem with using contractors for 4C development. [REDACTED] (C)

25X1A

On 1 May, we met with Army Special Security Office personnel and discussed their development of a personnel access control system to be used until 4C is ready. The Army is using GIM II on a POP 11/34, and will be using the same basic structure to be employed for 4C, though with less overall capabilities. This may be looked upon as an early test bed for demonstration and proofing of some 4C design concepts, and will be followed closely. [REDACTED] (C)

25X1A

Support to OF

VIP (Voluntary Investment Plan). The Quarterly Statements were amended to affix the station code for personnel serving overseas, which will reduce the time required to process these statements manually and enable them to be delivered several weeks earlier. [REDACTED] (C)

25X1A

ADSTAR

Software testing for the conversion subsystem has been successfully completed. [REDACTED] (U)

Ruffing Center Reconstruction Progress Report

25X1A The construction of an interim data control point in the Ruffing Center is nearing completion. All peripheral equipment hardware (printers, card reader, etc.) have been relocated to final positions. The biggest remaining task in the reconstruction is the installation of the secure access door. [REDACTED] (U)

Security Briefings for Computer Operators

25X1A The Security Education Group in the Office of Security has agreed to conduct a series of security briefings for Operations Division Personnel. The briefings are scheduled for 19, 22 and 28 May 1980. [REDACTED] (U)
